

Calabazas Park Courts Lighting & Improvements

LOCATION: San Jose, CA

SQUARE FOOTAGE: 22,500

OWNER: City of San Jose

ARCHITECT: City of San Jose

COMPLETION DATE: April 2014

PROJECT DURATION: 4 Months

PROJECT COST: \$417,00

Project Summary

Rodan was awarded yet another project with the City of San Jose, renovating Calabazas Park. The main scope of work involves adding lights to the existing tennis and basketball courts, with related work including trenching, adding two new control panels, and tying into existing power provided by PG&E. 18 new fixtures will be placed around the playing courts including a new basketball court being installed at the north end of the park adjacent to the existing courts. Rodan will also be adding new tennis court posts and nets to the three existing courts, adding 3 benches and some misc. upgraded irrigation that needed to be added for systems affected by the demo. There will also be 2 new trees planted off of Rainbow road.
